	Options in Benign Liver Tumors: Ignore, Monitor, or Resect?
	Decision-Making in Borderline Lesions: When Does Surgical Indication Begin in Adenomas, FNH, and Atypical Lesions?
	Discussion
09.00-10.00	UEMS meets TSS-4
	Session Chair:
	Selected Presentation-I
	Selected Presentation-II
	Daniel Casanova: A New Frontier in Liver Surgery: The Era of Biological Resectability (Moving Beyond Anatomy – Integrating Tumor Biology and Molecular Profiles into Surgical Decision-Making) (20 dak)
	Alejandro Serrablo: Resectability Redefined: Oncologic and Technical Outcomes of Vascular Resections in Pancreatic Surgery (20 dak)
	Discussion
10.00-10.30	COFFEE BREAK

24th NATIONAL CONGRESS OF SURGERY

19th National Congress of Surgical Nursing

Journey Through the Future of Surgery

8 - 12 APRIL 2026 | TITANIC CONVENTION CENTER - ANTALYA | www.uck2026.org

11 April Saturday, 2026
AKDENİZ (HALL E)

10.30-11.30	From Donor to Transplant: Challenges, Calculations, and Solutions
	Session Chair:
	Harvesting in Non-Transplant Centers: What Are the Major Challenges and Are There Solutions?
	Care of Potential Donors: What Are the Fundamental Principles of Monitoring?
	Volume Calculation in Living Donors: Is the Conventional Method Sufficient or Is Software Really Necessary?
	From Donor to Operating Room: How to Ensure Coordination, Timing, and Team Synchronization?
	Discussion
11.30-12.30	Two Surgeons – Two Perspectives
	Session Chair:
	Who Wins the Volume? ALPPS vs. PVE in Hepatocellular Cancer
	ALPPS Approach: A Shortcut to Surgery via Rapid Volume Increase
	Portal Vein Embolization: A Safe and Controlled Strategy for Volume Augmentation
	Discussion
12:30-13:00	SATELLITE SYMPOSIUM
13:00-14:00	LUNCH

8 - 12 APRIL 2026 | TITANIC CONVENTION CENTER - ANTALYA | www.uck2026.org

11 April Saturday, 2026
AKDENİZ (HALL E)

14.00-15.00	Cystic Traps of the Pancreas – The Surgeon's Dilemmas at the Decision Point
	Session Chair:
	Seemingly Innocent Cysts: Hidden Realities of the Pancreas (Diagnostic Challenges, Classification, Guideline Summaries)
	Crossroads in IPMN: Surveillance or Surgery? (Main vs. Branch Duct, Decision Between Monitoring and Surgical Intervention)
	Looking Ahead in Pancreatic Cysts: From Molecular Traces to Personalized Therapy (Biomarkers, Molecular Subgroups, Personalized Approaches)
	Discussion
	Endoskopistin Masada Sözü: ERCP ve Ötesi (Endoskopik Girişimler, Multidisipliner Yaklaşım)
	TARTIŞMA
15.00-16.00	DEBATE: Borderline Resectable Pancreatic Cancer – Direct Surgery or Neoadjuvant Therapy?
	Debate Chair:
16.00-16.30	COFFEE BREAK

8 - 12 APRIL 2026 | TITANIC CONVENTION CENTER - ANTALYA | www.uck2026.org

12 April Sunday, 2026
PASIFIK 2 (HALL A)

08.00-09.00	Surgical Oncology from Molecular and Genetic Perspectives
	Session Chair:
	Redefining Tumor Biology
	Liquid Biopsy and Circulating Tumor DNA
	Personalized Surgery Based on Genetic and Immunogenetic Markers
	Intersection of Surgery and Immunotherapies
	Discussion
09.00-10.00	Oncoplastic Breast Surgery Video Session-I
	Session Chair:
10.00-10.45	Endocrine Neck Surgery Video Session-I
	Session Chair:
10.45-11.15	COFFEE BREAK
11.15-12.00	Endocrine Abdominal Surgery Video Session-I
	Session Chair:
12.15-13.00	Closing Remarks

8 - 12 APRIL 2026 | TITANIC CONVENTION CENTER - ANTALYA | www.uck2026.org

12 April Sunday, 2026
PASİFİK 3 (HALL B)

08.00-09.00	Silent Threats: Modern Perspectives on Anal HPV and Sexually Transmitted Infections
	Session Chair:
	Sexually Transmitted Perianal Diseases – “Uncovering the Hidden Threats”
	Anal HPV and Warts: Preventing Cancer Through HPV Management
	Prevention and Screening: Leveraging HPV Vaccination and Screening for Comprehensive Protection
	Discussion
09.00-10.00	KOLOREKTAL KANSERDE GENETİK: CERRAHİN BİLMESİ GEREKENLER
	Session Chair:
	Molecular Biology Made Simple for Surgeons: The Clinical Impact of Next Generation Sequencing
	Genetic Counseling in Colorectal Cancer: Identifying Candidates and Optimal Timing
	AI in Genetic Counseling: Current Role and Future Potential
	Prophylactic Surgery for Hereditary Colorectal Cancer: Indications and Timing
	Discussion
10.00-10.45	Selected Video Presentations in Colorectal Surgery

12 April Sunday, 2026
ATLANTİK 1 (HALL C)

08.00-09.00	Nutrition and the Microbiome
	Session Chair:
	Nutrition and the Microbiome: Should Surgeons Be Concerned?
	Is Surgeon Involvement Essential in Preoperative Nutritional Optimization?
	Surgeon's Responsibility in Patients Lacking Preoperative Nutritional Support: How Far Does It Extend?
	Is It Practically Possible to Monitor Microbiome Changes, or Is It Still Merely a Theoretical Concept?
	Discussion
09.00-10.00	Revision and Conversion Surgeries in Bariatric Surgery: Video Presentations
	Session Chair:
	Gastric Bypass Revision
	Bipartition Revision
	SADI-S Revision
	Mini-Gastric Bypass Revision
	Re-Sleeve
	Band Removal and Conversion
10.00-10.45	Selected Video Session (Bariatric Surgery and Hernia)
10.45-11.15	COFFEE BREAK

12 April Sunday, 2026
AKDENİZ (HALL E)

08.00-09.00	Perihilar Cholangiocarcinoma – Decision Points in a Challenging Journey
	Session Chair:
	The Power of Radiology: Resectability and the Surgical Roadmap (Assessment of Resectability, Vascular and Biliary Involvement)
	Redefining Surgical Boundaries: Complex Resection and Transplantation Options (Surgical Techniques, Survival Data, Role of Liver Transplantation in Selected Cases)
	Rethinking Timing: The Role of Neoadjuvant and Adjuvant Therapies
	Mapping the Future: Advanced Imaging, Navigation, and Surgical Technologies (3D Planning, Intraoperative ICG, Navigational Surgery, AR/VR-Assisted Resection Planning)
	Discussion
09.00-10.00	Interventional Endoscopy and Hybrid Approaches
	Session Chair:
	New Horizons in ERCP: AI-Supported Approaches in Bile and Pancreatic Duct Diseases
	Endoscopic Ultrasound (EUS) and Interventional Endoscopy: Strategic Partner in Minimally Invasive Surgery
	Hybrid Solutions in Endoscopy: Intersection of Robotics, Laparoscopy, and Endoscopy
	Endoscopic Emergency Interventions: Life-Saving Techniques in Bleeding, Perforation, and Trauma
	Discussion
